## Carly Comins

When you get what you want in your struggle for self, and the world makes you King for a day, then go to the mirror and look at yourself, and see what that man has to say. For it isn't your Mother, Father, or Spouse, whose judgment upon you must pass. The person whose verdict counts most in your life is the man staring back from the glass. He's the feller to please, never mind all the rest, for he's with you clear up to the end, and you've passed your most dangerous, difficult test if the man in the glass is your friend. You may be like Jack Horner and "chisel" a plum, and think you're a wonderful guy, but the man in the glass says you're only a bum if you can't look him straight in the eye. You can fool the whole world down the pathway of years, and get pats on the back as you pass, but your final reward will be heartaches and tears if you've cheated the guy in the glass.

Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma - which is living with the results of other people's thinking. Don't let the noise of other's opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become. Everything else is secondary. -Steve Jobs

Thanks to all my friends I've had with me all throughout high school. You guys know who you are. Katie, Niki, my girls from work, Melissa, Kaitlyn. Love you all, thanks to all of you. You've been there for me and I don't know what I would have done without you. You're not friends because you sit together at lunch or talk on the phone; or have matching flip-flops or can recite each other's wardrobe. You're best friends because when she smiles, a grin forces itself across your face. No matter how mad you are-- when she cries, you instantly feel her pain, & want to cry with her. When you look her in the eyes you know there's no one you could ever trust more. regardless of how many broken hearts you've had. That's what it means to be best friends. <33

"\*\*"The most important kind of freedom is  
to be what you really are. You trade in your  
reality for a role. You trade in your sense  
for an act. You give up your ability to feel,  
and in exchange, put on a mask. There can't  
be any large-scale revolution until there's a  
personal revolution, on and individual level.  
It's got to happen inside first. You can take  
away a man's political freedom and you  
won't hurt him- unless you take away his  
freedom to feel. That can destroy him. That  
kind of freedom can't be granted. Nobody  
can win it for you." - Jim Morrison-\*\*

A Psalm of Life

...  
In the world's broad field of battle,  
In the bivouac of life,

Be not like dumb driven cattle!  
Be a hero in the strife!

Lives of great men all remind us  
We can make our lives sublime,  
And, departing, leave behind us  
Footprints on the sands of time

Let us, then, be up and doing,  
With a heart for any fate;  
Still achieving, still pursuing,  
Learn to labor and to wait.

Its been a great four years. From arcades to NHL in Johnson's room, it's been fun. Best Days of my life. Thank you Mom and Mrs. Johnson for everything.

Starting off with only one win during their freshman season, the senior boys worked hard to end their high school cross country careers with an undefeated season. Led by captains Tyler Waldecker, Colin Robichaud, Mike Messina, Frannie Black, and coach Mr. Jewett, the boys had a fantastic season. The team was very close and loved working together. They will never forget their meet against Duxbury, which was their greatest victory. The boys didn't just enjoy the meets, but spending time together at pasta dinners and other events. Led by Captains Robert Barrett, Charlie Wasson, and Sean Flannery the 2007 Hingham Harbormen Boys' Soccer Team had another great season. The boys' record of 6-6-6 does not show how strong this team was. Although they outplayed most of their opponents, the boys had a little trouble putting the ball in the net. However, the defense, led by sweeper Charlie Wasson, did not mess around. The defense was one of the best Hingham has ever had. Even though their record was not outstanding, the unity and camaraderie of this squad will assure that this is a season these boys will always remember.

# GIRLS' SOCCER

The girls' soccer team ended the season with a record of 7-7-4 this year, led by captains Kelly Collins and Merri McCann. Together, the girls conquered teams such as Mansfield, Scituate, and Braintree, and their outstanding performance on the field carried them all the way to tournament. # SKI TEAM

The Hingham High School Ski Team had a very successful 2007/2008 season. The senior captain Kim Burke, along with the help of junior captain Cori Polonski, led the girls team to second place in our league which meant that they earned a trip to the state championships at Wachussett Mountain at the end of the season. They could not have done it without the fantastic scores from the rest of the girls team. Juniors Annie Gomez and Lexi Casale were both key racers in the line up who helped the girls to such a great season.

On the boys' side, junior captain Mike Savery also led the team to the state championship by placing second place in the league as well. He had plenty of help from some dominant underclassmen that consistently finished with great times. Softmore Terrence Morrissey was a star on the race course and finished as the second place boy in the league. Softmore Willie Glennon and freshman Brian Roche were right behind him as they both finished in the top ten as well. Since many of the top racers from hingham are younger, the Hingham High Ski Team will continue to be a fierce competitor for the next few years.

# LADIES

The Girls Indoor Track team has run, jumped and thrown to the top of the Patriot League standings. Being in first place is nothing new to the team: they have won the Patriot League Championship the last four years in a row. Led by a team with many seniors and able captains (Allison Nevins, Stephanie Boss, Jennalyn Plouffe, Maggie O'Connell, and Stephanie Perkins), the 2007-2008 team will be remembered for it's strength, the school records it has set, and it's quality performances. It is a huge task to coordinate a team of 60 girls, but we have been able to form a cooperative and succesful track team.

# American Field Service

AFS was originally founded as an ambulance service during the world wars. Afterwards, it evolved into an exchange program to build friendships across the globe. Every year, the AFS club visits another town in the United States, then, the AFS club in that town visits us. This year AFS went on exchange to Westlake, Ohio. In previous years, AFS went to Lenoir, North Carolina, Goodland, Kansas, and Shaker Heights, Ohio. Additionally, many international students have visited Hingham through AFS. We've made a lot of friends over the years!

As a high school chapter of Amnesty International human rights organization, the club works to raise awareness of crimes against humanity around the world. This year the club focused on the major issues of child soldiers, Guantanamo Bay, and the political situation in Pakistan. Amnesty held a Write-a-thon to encourage U.S. leaders to act on these issues. Amnesty's efforts, in conjunction with other groups, helped to free many prisoners' conscience. The club also raised money for a Zimbabwean village by selling hand-painted bottle cap pins made by women of the village. Amnesty works to ensure that the global community upholds the international bill of rights.

Go Amnesty, 2007-2008!

# DEBATE TEAM

Sam Butterfield thinking about how to approach the topic of the issues in Sub-Saharan Africa

Hingham Debate Team participates in the Southeastern Massachusetts Forensics League. This year's resolution, or debate topic, is concerned with funding health care assistance to sub-Saharan Africa. Students compete as either an affirmative team that proposes a plan, or as a negative team that attempts to find a flaw in the opposing team's plan. This year our varsity negative teams took their preparation seriously and should be competitive in the league. We also have several newcomers to debate and it is exciting to see them take up the task of getting ready to debate!

# GSA

The past four years have been exciting for the Gay Straight Alliance, which has witnessed same-sex marriage solidify its position in Massachusetts. Last year, students petitioned and met with our leaders who did not support same-sex marriage. This year has been full of discussions, movie nights, and planning for big events. For the past two years, the GSA has participated in the Day of Silence, a national day of in-school protest against discrimination. And as always, GSA attended the Youth Pride Parade in the spring. Congratulations to seniors Jess and Julia, we'll miss you!!

# Student Council

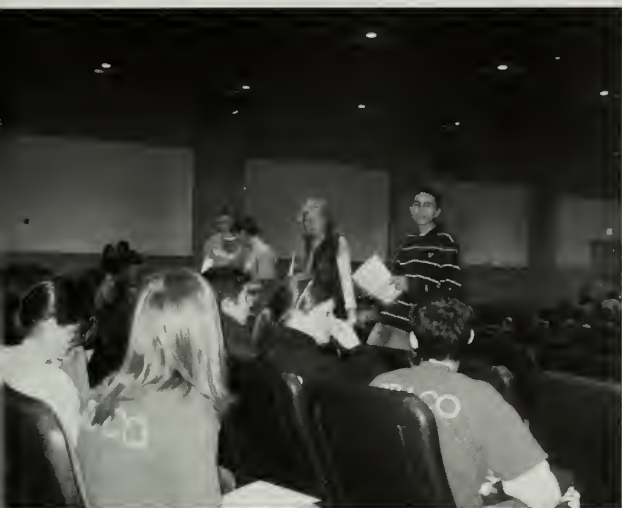

This year, not only was the Student Council the largest club in the school, it was also the largest council in Massachusetts with 250 members! StuCo organized the always-successful Homecoming, Lip Sync, pep rallies, and Mr. HHS and made donations to South Shore Habitat for Humanity, Toys for Tots, Christmas in the City, American Cancer Society, Mary Martha Learning Center, and many more. After fund-raising efforts last year, StuCo was able to finance the travel expenses for a Bosnian exchange student to come to the United States and attend Hingham High. The new Green Committee highlighted the need for the school to "Go Green" and helped Hingham High place third in an Environment Sustainability Competition sponsored by Keyspan. Another major accomplishment of this year was raising over \$10,000 for a school in Ghana by selling the popular Ghana bead jewelry at school and community events. This year was a great one for StuCo and the expectations for next year are even higher!
